911 NE Liberty Rd, Poulsbo, WA 7:30 AM & 4 PM

Frequently Asked Questions:

1. **Is there still space available in the next class?**

Email CPR coordinator Jody, jmatson@poulsbofire.org to check.

2. **Does the class include child and infant CPR?**

Yes, this class certifies for adult, child, infant and AED use.

2. **Will this card be sufficient to show my employer?**

Students earn an American Heart Association Heartsaver CPR card and/or First Aid card. This card meets the usual requirements for certification in daycares, schools, foster care, licensed massage therapy, etc. The certification is good for two years.

4. **I work for a doctor's office, will this class meet the requirements for "Healthcare Provider Basic Life Support (BLS)?"**

No, people working in a medical setting such as a RN, PT, MD or OT normally require a Health Care Provider card. We do not teach this but offer **referrals**.

5. **I cannot make the next scheduled class, can you refer me to someone else that may be able to meet my schedule?**

Yes, the following is a **list** of local American Heart Association certified instructors.
